**2023 ANNUAL REPORT**

# Letter from the President & Executive Director

DEAR FRIENDS,

Our work at Hearty House could not be done without the allies and community partners who support our mission and services.

As you will see from this report, three years of COVID changed Hearty House and our clients. We have come out of the pandemic stronger than we have ever been, financially, programmatically, and reputationally, largely due to the incredible partners we work with in our magnificent County.

The increase in clients served between 2019 and 2023 was an unprecedented 49%. In addition, nearly 90% of all victims of intimate partner violence in Frederick County were assessed at high risk for bodily injury or death. Hearty House staff saw some of the most brutal cases we have ever experienced and there seemed to be no respite. The heavier and more severe caseloads were difficult on staff who suffered burn-out and vicarious trauma. Hearty House needed to step up our staff capacity and self-care efforts to protect staff and clients.

On the other hand, the last several years also brought us enhanced and expanded programming. We launched our Community-Based Services Department, which now has five satellite offices and three case managers. We began our Child Sex Trafficking program, which this year expanded to serve survivors of Labor Trafficking as well as adult victims. Our Abuse Intervention Program received funding last year to begin a Spanish-speaking group.

Our programmatic growth has necessitated that we also shore up our administrative infrastructure. To that end, we have created a position to help us track our grant spending more closely and one to handle the day-to-day tasks of the Development Department. We even have an IT Department, with two employees.

We believe wholeheartedly that we can end intimate partner violence, sexual assault, human trafficking, and child abuse. We also know we cannot do it alone. The partnerships we've created with law enforcement, social service organizations, behavioral health professionals, and the justice community in Frederick County will help us prevent these crimes and create a thriving community where power-based violence has been eliminated.

This annual report celebrates Hearty House's progression from the onset of COVID-19 in 2020 to the post COVID-19 period and beyond. We recognize that the pursuit of a less violent society is a collective effort, and we would not be where we are today without your support. Thank you to our funders, donors, staff, volunteers, allies, and community partners for supporting our critical efforts to end power-based violence. Together we will thrive.

With deep gratitude,

Inga James, MSW, PhD

Because Heartly House workshops are spaces held for survivors of power-based violence, the vibe itself is unique. It's liberating, it's beautiful, it's wholesome, it's inspiring, it's church vibes—the true meaning of love. It's birds chirping in the best of days, it's summer cruising blessed by a starry sky, it's a firepit and a cozy night, it's the best side dish for all the layers of life.

—Heartly House Survivor Speaker

When commenting about how she feels about her own capabilities and what was helpful during her shelter stay, the client wrote:  
"Stronger. Free! Happy! Confident! 100% for the better since I arrived here. So much...everything (was helpful)! Staff...resources, you gave me a bed, shower, food, friends, guidance, 'an ear,'...the BEST help."

New caller reached out to the hotline, disclosing they had been sexually assaulted several years ago. The caller received education around consent and the healing process that felt very validating to them. At the end of the call, the caller shared they had only disclosed to two others and were not believed. The caller was very grateful for the education and support they received, and has since continued using the hotline for support as well as joined a support group.

Heartly House is truly amazing and such a gift. My life would look drastically different if I hadn't had that safe place to go to, a lawyer to represent me in court, the countless workers that helped me in finding resources & all the counseling that has helped me move mountains. It's all such a blessing, and I am so, so thankful. Thank you for all you have helped me through and for all the tools you taught me to use during my recovery. Your help has been so greatly appreciated.\*

—Heartly House Client

\* This message was on a thank you card from the client after receiving assistance of gift cards over the holidays. In parenthesis next to her & her child's name, the client put "(A daughter who deserves for her mom to be healthy & safe)."

I am no longer in a constant state of fight or flight and high anxiety. I am confident in myself now and trust myself. I no longer need to second guess myself with any and all decisions. The support I got upon my arrival has been phenomenal. I have never felt more heard, seen, and understood ever in life... (staff) is patient, informative, thorough, understanding... helped me worry less...
